Dear Mr. Hedberg:

Thank you for sending a copy of the letter sent to you by Hecla Mining Company dated April 8, 1994. Our office has reviewed the request to use manure instead of hay in reclamation of the Escalante Mine tailings pond. We feel that this substitution is acceptable.

Please inform Gina Pack at this office if any further changes in the reclamation plan are requested. We appreciate your assistance in seeing this project to completion.

Sincerely,

Arthur L. Tait
Area Manager
